Universidad de Guadalajara: **Master in Cómputo Aplicado (MCAP)**, 2021-2023  
Guadalajara, Jal.

## Carlos Alberto Luévano González Summary

I am a software developer with more than 6 years of experience mainly in the field of mobile applications and backend. Throughout my career, I have worked with native Android applications using Java and Kotlin. I have also worked with cross-platform applications using Xamarin Forms and MAUI. I have related backend experience developing APIs to communicate with web and mobile applications using ASP .Net with .Net Core 3.1 and .Net 6/7/8.

## Experience

### Mobile & .Net Backend Developer - 01/2024 – present

Freelance, Guadalajara, Jal.

- Development of an interface to convert data coming from an ERP CargoWise One into different EDI X12 documents using WCF and WebAPI.
- Development of an interface to send EDI documents to customers using protocolos SFTP and AS2.
- Processing and storage of XML, EDI files and more using MSSQL and background jobs with Hangfire.
- Migration of Xamarin Forms apps to MAUI framework.
- Launch Android and iOS apps in Play Store and App Store.

### Mobile & .Net Backend Developer - 06/2019 – 12/2023
